1. Chicken Ordinance Review-Alderman Mange attended the meeting to give history of the chicken discussion. The Commission agreed that treating chickens as the City does horses, as a special use permit, is a good idea. The minimum required property was discussed to be three acres.
2. Review Items for Arbor Day-Anne Nixon contacted a honeysuckle artist, but does not have a confirmation yet. Member Hultgren brought in pictures of the honeysuckle tables.
3. Discuss Naturalized Landscapes-Alderman Butler reported that Craig Wilde is reviewing an ordinance regarding how residents could turn part of their yard into a naturalized landscape.
